4. Results, attendance and timetable 4
5. Fees, payments and receipts 4
6. Announcements, Wall and notifications 4
7. Wrong information and questions 4

1. Introduction

The Parent portal lets you follow your child's progress: report cards, attendance, fees and receipts, and school announcements.

> **About the pictures in this guide.** The sign-in screens are real screenshots of the live system. Pages behind sign-in are explained with diagrams and plain steps, because the documentation team could not sign in to the school's live records from the test computer, and no real pupil or parent information may appear in a guide.

2. Signing in

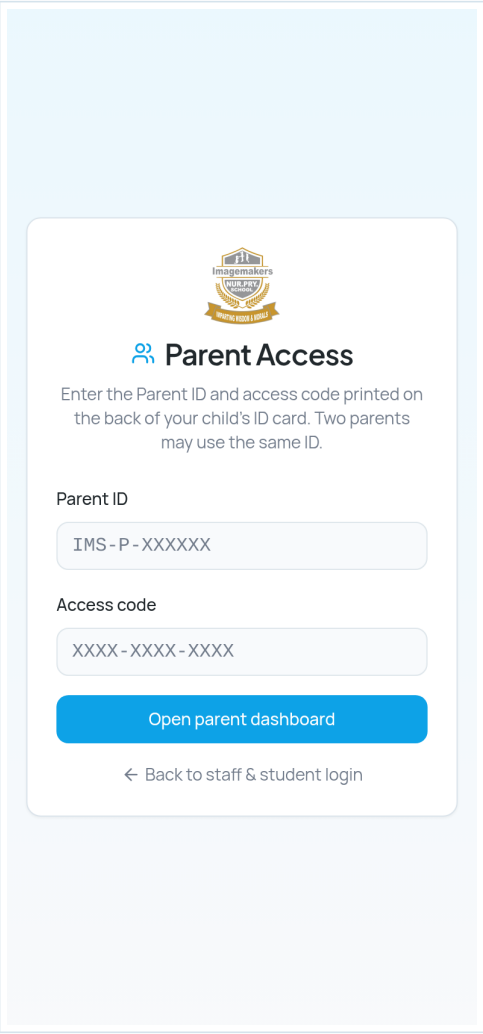

Figure 2.1 — Parent Access screen (real screenshot).

1	On the sign-in page, tap **I am a Parent**.
2	Enter the **Parent ID** (starts with IMS-P-) printed on the back of your child's ID card.
3	Enter the **Access code** (XXXX-XXXX-XXXX) from the same card.
4	Tap **Open parent dashboard**.

Two parents may use the same Parent ID. Keep the card's codes private, as anyone with them can view your child's records.

3. Your dashboard and children

Your dashboard shows each child linked to your account. If you have more than one child at the school, choose the child at the top of the fees, results or attendance page.

No child showing? Your account has not been linked to your child yet. Contact the school office with your child's name and class.

4. Results, attendance and timetable

- **Results** show each subject's total and the school's remark (Poor, Fair, Good, Very Good, Excellent, Outstanding).
- Results appear only after the school publishes them for that term.
- **Attendance** shows the most recent days marked by the class teacher.
- The class timetable will show once the school has entered it.

Total score (CA + exam)	Remark shown
90 – 100	Outstanding
70 – 89	Excellent
60 – 69	Very Good
50 – 59	Good
40 – 49	Fair
0 – 39	Poor

5. Fees, payments and receipts

Word	What it means in the system
Invoice	The bill for one term, listing each item (mandatory items plus any optional items chosen for your child)
Payment	Money the school has received and recorded against the invoice
Receipt	A numbered document issued for each recorded payment
Balance	Invoice total, minus discounts, minus payments

- You may pay in instalments; there is no fixed due date. Each part payment reduces the balance.
- Uniforms and clubs are optional and appear only when chosen for your child.
- Textbooks and notebooks are bought through the school office.
- Online card payment is **not available yet**. Pay at the school or by the method the bursar gives you, then check that the receipt appears in your portal.

6. Announcements, Wall and notifications

School announcements appear on your dashboard. The Wall lets parents, staff and pupils share news; please be respectful. The app does not yet send phone notifications, so open it regularly.

7. Wrong information and questions

If your child's name, class or any detail is wrong, tell the school office. Only the school can correct records.

Why can't I see this term's report card?

It has not been published yet.

I paid but the balance has not changed.

The bursar must record the payment. Bring your proof of payment to the office.

Can I pay online?

Not yet. The school will announce when this is ready.

Can I see older report cards?

Results are kept for every term. Ask the office if you need an older report while the history view is being completed.
