1. Hello!

This is your school app. It shows your timetable, homework, tests and school results. A grown-up at home can help you use it.

- Never tell anyone your password.
- Never share your ID card codes.
- If something looks wrong, tell your teacher or your parent.

2. How to get in

Picture 2.1 — The sign-in page.

Way 1: Scan your ID card

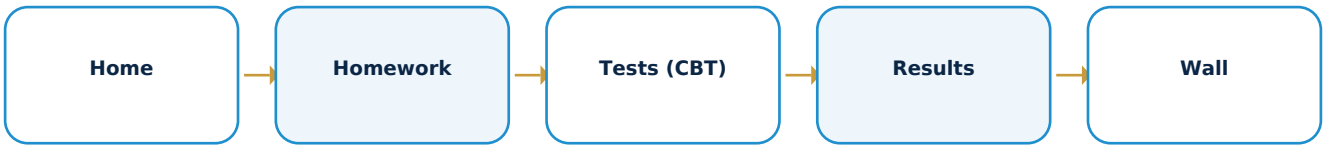

1	Tap **Scan an ID card**.
2	Hold your school ID card up to the camera.
3	Your page opens with your name at the top.

Way 2: Email and password

If the school gave you an email and password, type them in and tap **Sign In**.

3. Your home page

At the top you will see your name and class. Below that you will see your next lesson, your attendance and quick buttons.

Picture 3.1 — The buttons at the bottom of your screen.

> If your timetable, homework or results are empty, do not worry. Your teacher may not have added them yet.

4. Results and report cards

Tap **Results** or **Report card**. Your report card shows each subject, your score and a remark such as Good, Very Good or Excellent.

> Your results only appear after the school has finished checking and publishing them. If you see nothing, ask your parent to wait or speak to your teacher.

5. Homework and tests

- **Homework**: see what your teacher set and when it is due. Write your answer and tap Submit.
- **Tests**: a test appears only when your teacher opens it.
- Read each question. Tap your answer. You can change it before you finish.
- Watch the timer. When you are done, tap **Submit**. You can only submit once.

6. The learning helper

The helper can explain words and give hints. It will **not** do your homework or your test for you — that is your job, and you can do it!

- Ask: “What does this word mean?”
- Ask: “Can you give me a hint?”
- Do not type your address, phone number or password.

7. If something goes wrong

What happened	What to do
The page says “Something went wrong”	Tap Try again
I cannot see my results	They may not be published yet
My test is not there	Your teacher has not opened it yet
I am sent back to sign in	Scan your ID card again or ask a grown-up
